AN ITALIAN-ORIGIN KILN—WHERE  
CRAFTSMANSHIP MEETS TECHNOLOGY

# WHERE WATER MEETS DESIGN

SINCE

2008

CRAFTING TIMELESS ELEGANCE,  
INNOVATING FOR TOMORROW

TYNIE BATH is a distinguished manufacturer of ceramic sanitary ware, specialising in bathroom solutions. With over 17 years of expertise, we blend traditional craftsmanship with forward-thinking innovation in 2 industrial production plants to create products that elevate the bathroom experience.

Our commitment to excellence is reflected in our meticulous design process and the integration of advanced technologies, ensuring each product not only meets but exceeds the expectations of discerning customers. From our headquarters, we serve a global clientele, offering bespoke solutions tailored to the unique needs of each market.

# WHERE FORM MEETS FUNCTION IN PERFECT HARMONY

## FROM VISION TO PRECISION

Every curve begins as a vision—an instinctive gesture on paper seeking elegance, ergonomics, and identity. Our designers draw inspiration from nature and modern architecture, sculpting silhouettes that feel both timeless and intuitive.

Through sketch after sketch, the form is refined—edges softened, lines aligned, functions reimaged. What starts as a concept eventually takes shape into a design where form meets function in perfect harmony.

These drafts are not just artistic expressions; they are a testament to our commitment to user-centric beauty, where each detail, proportion, and transition has been carefully considered.

From ideation to iteration, we believe that great design is not only about how a product performs—but also how it makes you feel.

# WHERE *ACCESSIBILITY* MEETS EVERYDAY *COMFORT*

ACCESSIBILITY COMES TO THE BATHROOM  
Our ADA-compliant toilet combines elevated seating, rimless hygiene, and quiet vortex flushing for maximum comfort and independence. Thoughtfully designed for ease of use, it ensures everyone can experience both safety and dignity in the bathroom.

A GLANCE AT THE COMPANY

# PRODUCT RATING

To simplify your choice,TYNIE has developed a five-tier product grading system.  
Each level reflects design, performance, and comfort standards,  
helping you identify the right solution for every project-from entry-level essentials to flagship innovations.

- ★★★★★ **FLAGSHIP**-Cutting-edge innovation, advanced smart features, and iconic design.
- ★★★★ **PREMIUM**- High-end aesthetics, quiet performance, and enhanced ergonomics.
- ★★★ **ADVANCED**-Superior design, improved flushing technology, and water efficiency.
- ★★ **STANDARD**- Balanced performance with enhanced comfort and durability.
- ★ **BASIC**- Essential functionality, reliable quality for everyday needs.

This grading system is applied across all TYNIE product families.  
Whether you are specifying for large-scale projects, retail distribution,  
or luxury developments, the grading icons guide you to the most  
suitable option at a glance.

# VORTEX FLUSH

RIMLESS

VORTEX

QUIET FLUSH

HIGH WATER  
EFFICIENCY

Vortex Flush technology offers a powerful yet efficient flushing performance by creating a dynamic swirling motion that maximizes bowl coverage. The dual-nozzle system delivers water evenly around the rimless bowl, enhancing cleanliness while using less water—typically just 4.8 litres or less per flush. This innovative design eliminates the need for a traditional rim, reducing bacteria build-up and making the surface easier to clean. Additionally, the smooth, spiral flow minimises splash and ensures quiet flushing, providing a more pleasant and hygienic bathroom experience.
